The **crew** shall consist of a minimum of two people and the combined weight (in swim wear) of all crew members shall not exceed 290kg.

# Class Rule Changes

International J22 Class Association

Effective date: 2025-March-01

Status: Approved

## Amendment Two

---

### C.5 PORTABLE EQUIPMENT

Old:

#### C.5.1 Mandatory

(a) FOR USE WHILE RACING

- (i) At least one fixed marine type compass of magnetic card or digital type capable only of instantaneous readout.

#### C.5.2 OPTIONAL

(a) FOR USE WHILE RACING

- (i) Electronic or mechanical timing devices, but not capable of providing any other tactical or navigation information, except as provided in (iv), below.
- (ii) At least one compass, either magnetic card or digital type capable of instantaneous readout and heading trend information, but not capable of providing any other tactical or navigation information, except as provided in (iv), below. The compass may be GPS-enabled, but shall not give location information.
- (iii) At least one instrument capable of giving speed through the water, or over the bottom, but not capable of providing any other tactical or navigation information, except as provided in (iv), below. The speed instrument may be GPS-enabled, but shall not give location information.
- (iv) Instruments providing a combination of the functions of (i), (ii) and/or (iii) above but not capable of providing any other tactical or navigation information.
- (v) Any instrument capable of providing water depth, but not capable of providing any other tactical or navigation information.

Amend to read:

#### C.5.1 Mandatory

(a) FOR USE WHILE RACING

- (i) At least one fixed (if the mount for the device is fixed to the mast or hull, it satisfies this requirement) device without external batteries to deliver either a magnetic compass heading or course over the ground. This device shall not include charting capabilities.

#### C.5.2 OPTIONAL

(a) FOR USE WHILE RACING

- (i) Electronic or mechanical devices, for timing, tactical and navigational functions without external batteries and excluding wind instruments.
- (ii) Any instrument capable of providing water depth
